DUAL MEDIA KILNS – Dual Media (DM) kilns will high fire pottery and ceramics and have a lid element for glass fusing. The lid element is controlled by an ON/OFF switch. DM kilns are equipped with the RTC-1000 controller, which will run glass and cone firings. You may order a DM kiln with a V6-CF controller. Please specify when ordering. Oval dual media kilns are built with a 2-inch brick lip at the top of the firing chamber.
